TECHNOLOGY EXPERIENCE

BarApp

- Build an app with both mobile and web components. It is a group based project where my responsibilities are both back-end and front-end.
 - Technologies used: JS/Node.js , Express, MongoDB, Express.js

FinanceApp

- Personal project where I built the full-stack technology. It contains CRUD operations and calculates finances and displays trends and predictions.
 - Technologies used: Java, Spring, Hibernate, Jpa, React

OTHER EXPERIENCE

Chipotle, Aurora, CO — Service Manager

Demonstrated customer service skills, strong work ethic and consistent responsibility as a manager.

- Trained many employees and ensured their success in the company.
- Organized and ran shifts overseeing multiple employees.

Dnvr Electric, Aurora, CO — Electrician

Demonstrated problem solving skills. Troubleshooted electrical systems and created new systems efficiently. Extremely fast paced environment.
